WHAT IS JEDCO?

A PUBLIC-PRIVATE PARTNERSHIP

Johnston is not just a fantastic place to grow your business, it's a place where you will find helpful and invested partners in the process. For many years, Johnston Economic Development Corporation and the City of Johnston have successfully worked as a public-private partnership to strengthen the city for its residential and working communities.

Our mission is to foster economic growth and opportunity in the Johnston community and the Greater Des Moines region by serving as an advocate for smart development, providing educational and promotional opportunities, and making connections in the economic development sector and business communities.

JEDCO plays an important role in promoting Johnston as a great place to do business and providing assistance to businesses throughout the various

phases of the development process. As a private, nonprofit corporation, JEDCO is positioned to be a problem solver for both developers and the city. By helping developers find the ideal property or building in which to invest, Johnston city leaders can focus on ensuring a smooth development process.

Individuals and business representatives of the Johnston community are encouraged to become members, not only to promote economic growth in the Johnston community through participation in our organization, but also to take advantage of the promotional opportunities we provide to our members.
